BENEFITS

- Reduce the average provider enrollment time by as much as **80%**.
- With a rapidly growing form library **QuickCred™** customers get access to their payer forms on a federal and state level allowing for information to easily merge into printable PDF formats.
- **QuickCred™** Integrates with a number of online credentialing clearing houses including **CAQH, CMS PECOS, OIG, NPI, and more.**
- **QuickCred™** updates over 50 payer forms on a monthly basis, ensuring you have access to the most up to date required format.
- With **QuickCred™** you get everything you need with no unnecessary features or complicated systems.
- **QuickCred™** easily integrates into your **current MedTrainer system** so you can have all your information and compliance in one place.
- Customers save as much as **2 hours per payer** when setting up a new provider. The time saved on a single payer can equate to hundreds of dollars in labor costs alone.

FEATURES

1. Easily connect to online credentialing clearing houses such as **CAQH and PECOS.**
2. Input provider information only a single time and QuickCred™ does the rest.
3. Auto populate payer forms for easy submission to your payers.
4. Generate multiple payer forms at once.
5. Monitor licenses, registrations and more for expiration and renewal dates.
6. Get updated alerts if providers have expiring credentials that need to be updated.
7. Easily manage provider documents like **DEA Licensing, State Medical Licenses, Malpractice Insurance** and more.
8. Create custom forms at no additional cost to your organization.
9. QuickCred's primary source verification meets Joint Commission Standards checking all **50 state Medical Boards, Specialty Boards, DEA, NPDB and much more.**
10. Get monthly alerts if one of your provider names show up on the **OIG Exclusion list.**
11. **QuickCred™** automatically sends the generated forms to your payers by **fax or email.**
